NORTH CAROLINA

HIGH ANGLE RESCUE SCHOOL

September 13-15, 2024

For Information:
Joel Faircloth
919 736-0506
jfaircloth@ncarems.org

This program covers typical wilderness rescue rope operations to include fundamentals inherent to organizations operating in environments such as off-road, non-urban, woodland, and mountain conditions.

HARS is taught in a rugged outdoor setting at beautiful Mt. Jefferson State Recreation Area and requires basic rope knowledge and outdoor personal skills needed for wilderness rescue operations.

Training includes SAR knots, anchor systems, mechanical advantage system, basic/advanced hardware and software devices, belay techniques, patient packaging for transport in a litter, ascending a rope, and other techniques to affect a victim evacuation in hazardous outdoor terrain.

NORTH CAROLINA

HIGH ANGLE RESCUE SCHOOL

September 13-15, 2024

IN COOPERATION WITH: Mount Jefferson State Park & WIlkes Community College

The North Carolina High Angle Rescue School is an informative and practically applied school. The curriculum offers a wide range of rope rescue procedures consisting of "hands-on" tasks and skills. The skills that are taught in this school are not limited to a wilderness environment but can easily be adapted to urban high level rescue situations. A certificate will be awarded upon successful completion.

Please list each attendee separately and indicate the level each person is requesting in the appropriate places below.
